As of January 1, 2023, the Medicaid income limit will increase to \$1,563.00 for an individual and \$2,106.00 for a couple. This is a significant increase from the current levels and you may be able to keep more of your monthly income. If you utilize a pooled income trust that allowed you to qualify for Medicaid and or Supplemental Security Income, please contact our office to address how these changes will affect you.

Similarly, the Medicaid Medically Needy resource level for SSI related individuals will also increase for an individual from \$ 16,800 (\$24,600 for a couple) to \$28,133 (\$37,902 for a couple).

As always, please do not hesitate to contact our office if you have any questions or concerns regarding your Medicaid eligibility.
