Abrams Fensterman, LLP is proud to sponsor Touro Law Center's Institute for Health Law, Bioethics & Policy 2nd Annual Symposium: Artificial Intelligence in Healthcare Law.

Alyssa A. Friedman, Partner and Chair of the firm's Healthcare Fraud & Regulatory Defense Practice, will present "The Current State of AI Regulation in Healthcare and Insurance — A Practical Map for Compliance." Her insights will help hospitals, physician groups, and healthcare organizations anticipate emerging regulatory expectations and strengthen their compliance posture.

? Monday, February 2, 2026 | 9:30 AM – 5:15 PM

? In-Person & Zoom

CLE Credits (NY Attorneys): 6 Total

Registration is FREE for both in-person and virtual attendees.

The program brings together leading voices in health law to examine how artificial intelligence is transforming compliance, oversight, and risk across the healthcare and insurance sectors. With recognition as a **Tier 1 Best Law Firm® in Health Care Law**, Abrams Fensterman is dedicated to safeguarding the careers and reputations of healthcare providers when it matters most—and proud to support this meaningful conversation as a symposium sponsor.
