
No-Fault & Workers' Compensation Litigation

PRACTICE LEADER

Jordan Fensterman

Executive Partner

No-Fault & Workers' Compensation

Abrams Fensterman, LLP represents medical providers in collecting their denied and outstanding No-Fault and Workers Compensation claims. Our vast knowledge and experience with No-Fault and Workers Compensations ensures our clients the best service in collecting their unpaid claims. We recognize the individual needs of each client, and [our attorneys](#) and support staff work together striving for the best result on behalf of our clients. In representing our clients we immediately initiate collection efforts by any means necessary including arbitration, negotiation and litigation. Most insurance companies systematically and arbitrarily deny No-Fault and W.C. claims. The insurance company anticipates that the medical provider will not seek to collect on the bill. This is where a law firm which is proficient in No-Fault and W.C. collections is a necessity.

Abrams Fensterman represents numerous specialties including chiropractors, orthopedists, neurologists, psychiatrists, dentists, physical therapists, podiatrists and acupuncturists. Our goal is to provide the highest return on denied claims and to maximize revenue for all of our clients. Our No-Fault and W.C. department takes great pride in being "hands-on" with our clients, regularly updating them as to the status of their claims. We have successfully collected millions of dollars on behalf of our clients.
